## Invitation to Summer Lab 2013

Dear colleague, dear friend,

remembering our contact in 2012 attached I send our flyer on our  
Summer Lab 2013 **Special Food Technologies**.

Please encourage your students to register now for this international module at  
University of Applied Sciences Osnabrueck, Germany. In 2013 we are offering two different  
hands-on-courses again in cooperation with German Institute for Food Technologies.

Please also forward this invitation to colleagues who might be interested.

I send you my seasons greetings.

with kind regards

Prof.Dr.Ludger Figura

PS: For July 2013 we are planning an additional summer lab on

„**Energy and Sustainable Production Systems**“. Please let me know if you have interested groups.
